

## EDUCATION

---

B.E (CSE )- Sri Eshwar College of Engineering   CGPA-8.3	2023 -2027
HSC – Vigneshwar Vidhya Mandhir Matric Higher Secondary School   96.56.%	2021 -2023
SSLC – Vigneshwar Vidhya Mandhir Matric Higher Secondary School   100%	2020-2021

## INTERNSHIP

---

## PROJECTS

---

### AIRLINES TICKET RESERVATION SYSTEM:

Created an Airlines Ticket Reservation System in C, facilitating destination and date selection, class-based ticket availability, user information input, and fare calculation. Implemented stringent input validation, error management, and a polished interface for optimal user experience.

### HEART DISEASE PREDICTOR:

Created a sophisticated Heart Disease Prediction web application with secure user authentication and data management. Implemented machine learning algorithms to analyze user inputs, delivering accurate predictive results and personalized health plans based on heart disease risk assessment.

## CERTIFICATIONS

---

Mastering Data Structure and Algorithms Using C and C++ |Udemy 2024  
Python -100 Days of Code Camp(ongoing)|Udemy 2024  
Programming in C | SoloLearn 2023  
HTML,CSS AND JAVASCRIPT | SoloLearn 2023

## PROGRAMMING ACHIEVEMENTS

---

Leetcode : | Solved 200 + problems| [profile](#)  
Codechef : Rating - 1019 | [profile](#)

## SKILLS

---

Languages	- C   Python   HTML   CSS   Javascript
Libraries	- Pandas,Numpy
Core	- Data Structures and Algorithms
Tools	- VScode   Canva   Github
